KEY TRANSIT FACTORS

☿ Mercury △ Trine ☾ natal Moon · peak 22 Jan ★

Right now you find it much easier to say what you actually feel without overthinking it. Your conversations with people close to you flow naturally because you can **express emotions clearly and listen without getting defensive**. This is a good window to have the conversations you've been putting off, since what you say lands well and creates real understanding.

♇ Pluto * Sextile ♃ natal Jupiter · peak 6 Jan

While this lasts, you feel more willing to **take calculated risks** and act on opportunities that normally would intimidate you. You're noticing that your instinct for what could work is sharper than usual, and people respond well when you pitch ideas or ask for what you need. Over the coming weeks, this confidence tends to open doors in practical areas like work, finances, or learning something new.

♅ Uranus □ Square ☾ natal Moon · peak 6 Jan

Your **emotional reactions feel unpredictable and harder to control** right now, catching you off guard in situations where you normally stay calm. People close to you may seem confused or frustrated because your mood shifts without warning, and you struggle to explain why you feel unsettled. Over the coming weeks, this restlessness pushes you to question habits and routines that no longer fit, but the process feels uncomfortable rather than liberating.

♁ NNode ♂ Opposition ♀ natal Venus · peak 20 Jan

Over the coming weeks you are likely to feel **disconnected from what you usually enjoy** and from the people who matter to you. Activities that normally please you may feel empty, and you might pull away from social situations or intimate moments without fully understanding why. This friction between what you want to give in relationships and what you actually want for yourself will push you to figure out what you really value, though the process feels uncomfortable right now.

♁ NNode △ Trine ♄ natal Chiron · peak 27 Jan

Right now you find it easier to talk about your past mistakes and disappointments without getting stuck in shame or defensiveness. People around you respond better when you speak honestly about what you've learned from difficult experiences, and you **naturally become more comfortable sharing your story**. Over the coming weeks, this openness creates real connections with others who have been through similar struggles.

♃ Jupiter △ Trine ♀ natal Venus · peak 21 Jan

Right now you're naturally more **generous and open-handed** with people around you, and they notice. You find it easier to say yes to invitations, spend money on things that bring you joy, and let others see you enjoying yourself without guilt. This practical shift in how you move through social situations tends to bring more warmth back to you from the people in your life over these coming weeks.

♃ Jupiter □ Square ♃ natal Jupiter · peak 9 Jan

Right now you're caught between wanting to expand too fast and hitting real practical limits. You overestimate what you can handle, say yes to too much, and then feel frustrated when reality doesn't cooperate with your plans. These friction points are teaching you where your actual resources end, but the lesson feels annoying rather than helpful **while it lasts**.

♃ Jupiter * Sextile ♄ natal Chiron · peak 20 Jan

Over the coming weeks, you find it easier to talk about your past difficulties without getting stuck in them. When something painful comes up, you can **acknowledge it and move forward** rather than dwelling on old hurts. This practical shift makes your conversations with friends or a therapist more productive, and you actually feel lighter afterwards.

♃ Jupiter * Sextile ♃ natal Neptune · peak 15 Jan

Over the coming weeks, you find it easier to **trust your intuition without overthinking**, and this quieter confidence actually helps you make better decisions in practical situations. Your imagination feels less chaotic right now, and you can use creative ideas to solve real problems at work or in your relationships instead of getting lost in them. This is a good window to act on something you've been imagining or planning, because your instincts and your common sense are actually working together.

♃ Neptune ♁ Quincunx ♃ natal Neptune · peak 31 Jan

Over the coming weeks, you may notice that your usual ways of managing uncertainty or confusion feel slightly off or awkward. You might find yourself second-guessing decisions you would normally make without hesitation, or struggling to trust your instincts about situations that are unclear. This subtle misalignment between what you think you should do and what actually feels right will pass, but right now it asks you to slow down and check your assumptions more carefully than usual.

♃ Neptune ♂ Conjunction ♃ natal Jupiter · peak 1 Jan

You're more willing to take risks right now, and your usual caution about money or commitments feels less important than it did before. This can work in your favour if you're starting something new, but you might also overlook practical details or agree to things without checking the facts first. Over the coming weeks, check decisions twice before acting, because your judgment about what's realistic is softer than normal.

♇ Pluto ☐ Square ♃ natal Neptune · peak 31 Jan

Over the coming weeks, you may find it harder to trust your own intuition and judgment because reality keeps contradicting what you thought you understood. **You question everything you believed about people and situations**, which leaves you feeling unstable and uncertain about what is actually true. This period asks you to rebuild your sense of what is real by paying close attention to facts instead of relying on hopes or assumptions.

♅ Uranus △ Trine ♄ natal Saturn · peak 31 Jan

Right now you can spot problems in your routines and systems without getting defensive about changing them. You feel **willing to experiment with practical improvements** while keeping what actually works. This is a rare window where your instinct for stability supports your curiosity about doing things differently.

♅ Uranus ∟ Semi sextile ♃ natal NNode · peak 31 Jan

Over the coming weeks, you find yourself drawn toward people and situations that feel genuinely new and different from your usual circles. Your **natural curiosity about unconventional ideas** is stronger than usual, and you notice yourself asking better questions instead of accepting the first answer. These small shifts in how you explore the world are quietly putting you in contact with opportunities that align more closely with what you actually want to become.

♃ Jupiter △ Trine ♇ natal Pluto · peak 1 Jan

These days you find yourself **taking decisive action on things you've been planning for months**, and obstacles that usually block you seem to move out of the way. Your confidence in your own judgment is unusually high right now, so you trust your instincts about what needs to change in your life and you follow through. Over the coming weeks, this practical momentum can help you reshape a situation that's been stagnant or remove something that no longer serves you.

♄ Saturn Rx · ♊ Gemini

Mental discipline and consistency in communication are being tested right now. Projects that require sustained intellectual effort may expose areas where your commitment has been shallow. Returning to half-finished work rewards you more during this period than starting fresh.

KEY DATES

Thu, 1 Jan ♃ Neptune ☌ Conjunction ♃ natal Jupiter

Tue, 6 Jan ☿ Mercury enters ♑ Capricorn

♇ Pluto Sextile ♃ natal Jupiter

♅ Uranus ☐ Square ♃ natal Moon

Mercury entering *Capricorn* shifts how you talk and think toward **practical results** — you'll notice yourself cutting out small talk and focusing on what actually matters at work or in conversations. People around you tend to **respect the directness** more during this time, even if your words feel plainer than usual, because *Capricorn* makes communication **efficient and honest**. At work especially, **planning and problem-solving** feel sharper; *Mercury* here rewards you for thinking several steps ahead instead of reacting on the spot.

Fri, 9 Jan ♃ Jupiter ☐ Square ♃ natal Jupiter

Mon, 12 Jan ♃ Neptune ☌ Conjunction ♃ natal Jupiter

Tue, 13 Jan New Moon in Capricorn

♅ Uranus ☐ Square ♃ natal Moon

Tue, 20 Jan ♃ NNode ☌ Opposition ♀ natal Venus

♃ Jupiter Sextile ♃ natal Chiron

Wed, 21 Jan ☼ Sun enters ♒ Aquarius

♃ Jupiter △ Trine ♀ natal Venus

Sun in *Aquarius* brings a **shift toward independence** and a stronger need to do things your own way instead of following the usual pattern. At work and in conversations, you'll **notice people speak up more** about ideas that feel different or go against what everyone expects. In relationships and friendships, **distance often increases** slightly as people pull back to focus on their own projects and interests rather than staying close to the group.

Fri, 23 Jan ♀ Venus enters ♑ Capricorn

Venus in *Capricorn* makes people **slower to commit** but more serious once they do—you notice yourself caring less about flashy romance and more about whether someone actually shows up. At work and in friendships, this transit brings **direct conversations** about what you actually want instead of hinting around, and people generally respect the honesty. Money matters get **practical attention** too, so you're more likely to check your budget, delay impulse buys, and think about long-term value rather than what feels good right now.

Mon, 26 Jan ☿ Mercury enters ♒ Aquarius

♃ Chiron stations Direct

Mercury in *Aquarius* brings **clearer, more direct communication** — people tend to say what they actually think instead of softening their words, which works well in meetings but can feel blunt in casual conversations. At work and in friendships, you'll notice **more focus on logic and ideas** rather than emotions, making this a good time for problem-solving but a trickier period if someone needs emotional support. *Aquarius* also pushes thinking toward the **bigger picture**, so conversations shift from daily complaints to plans, systems, and what-if scenarios that feel more interesting but less immediately practical.
