## KEY TRANSIT FACTORS

### ♃ Jupiter \* Sextile ☉ natal Sun · Friday 17 Feb ★

These days you feel more **confident in yourself** and people around you seem to notice it too. You're more willing to take on new projects or speak up in situations where you'd normally hold back, and things tend to work out better than expected. This period is ideal for asking for what you want—whether that's at work, in relationships, or for a personal goal—because you're coming across as genuinely assured rather than pushy.

### ♃ Jupiter qx Quincunx ♇ natal Pluto · Saturday 18 Feb ★

Over the coming weeks, you may feel **restless with situations you thought were settled**, wanting to change things that previously felt stable or important to you. Your confidence in what you control grows, but it doesn't match up neatly with what's actually possible right now, leaving you frustrated. These misalignments between what you want to reorganize and what the real world allows are the main friction you'll notice while *Jupiter* stays at odds with your *Pluto*.

### ♄ Saturn qx Quincunx ☾ natal Moon · Monday 13 Feb ★

These days you feel a mismatch between what you need emotionally and what your life is actually set up to give you. You might find yourself feeling restless or slightly out of sync in your daily routines, or noticing that **your usual comfort strategies stop working the way they normally do**. Over the coming weeks, small adjustments to how you manage your time or handle responsibilities may help you feel more settled again.

### ♅ Uranus ♂ Conjunction ♀ natal Venus · Monday 13 Feb

You are feeling **restless in your relationships and attractions right now**, wanting something different from what you've had before. Your taste in people or partners may shift suddenly, or you might find yourself drawn to people who are unpredictable or unconventional. This period pushes you to question what you actually want instead of staying comfortable with familiar patterns.

### ♆ Neptune ♂ Opposition ☾ natal Moon · Sunday 19 Feb

Your **emotional reactions feel unreliable right now**, and you cannot trust your own mood to stay the same from one hour to the next. You might withdraw from people you normally rely on, or say things you do not mean because you are confused about what you actually feel underneath. Over the coming weeks, this fog makes it hard to make decisions about your personal life, and you may end up making promises you cannot keep.

### ♁ Chiron qx Quincunx ♆ natal Neptune · Sunday 19 Feb

Right now you are noticing gaps between what you believe about yourself and how you actually behave in stressful moments. You might find yourself **acting more defensively or withdrawn than you expect**, especially when someone questions your motives or judgment. These days the disconnect feels awkward rather than painful, but it is pushing you to pay closer attention to where your ideals do not match your real actions.

### ♅ Uranus \* Sextile ♄ natal Chiron · Monday 13 Feb

You find it easier right now to talk about past difficulties without getting stuck in them, and people actually listen differently when you do. Your **ability to explain what hurt you in a practical way** opens doors to real conversations instead of arguments. This period gives you a chance to turn old pain into something useful that helps both you and others move forward.

### ♇ Pluto ♁ Quincunx ♂ natal Mars · Monday 13 Feb

Your usual way of handling conflict or pushing toward goals feels slightly off these days, as if your normal tactics are meeting unexpected resistance. You might notice yourself **second-guessing your approach** to situations where you'd normally act with confidence, or finding that direct methods don't produce the results you expect. Over the coming weeks, the practical adjustment you need is to slow down and observe what actually works rather than forcing your preferred solution.

### ♄ Saturn ♂ Opposition ♂ natal Mars · Sunday 19 Feb

Right now you're running into real resistance whenever you try to push forward with your plans. Your usual drive feels blocked or slowed down, and what normally comes easily now requires twice the effort and planning. **You're learning that not everything can be forced**, and this frustration is the teacher—but it's an uncomfortable lesson that lasts weeks.

### ♄ Chiron ♂ Conjunction ♃ natal Jupiter · Monday 13 Feb

Over the coming weeks, you're likely to notice where you've been overconfident or made promises you can't keep, especially in areas where you usually feel lucky or assured. This isn't punishment—it's **realistic feedback** about the gap between what you believe you can do and what actually works in practice. You may feel frustrated by limits you hadn't seen before, but this period gives you a chance to build your confidence on solid ground instead of assumption.
