## KEY TRANSIT FACTORS

### ♁ Chiron ☿ Quincunx ☾ natal Moon ★

Over the coming weeks, you may notice that **small emotional upsets feel oddly difficult to shake**, even when you know they are not serious. Your usual ways of calming yourself down do not work as smoothly, and you might find yourself replaying conversations or moments longer than typical. This temporary mismatch between how you want to feel and what is actually happening emotionally can push you to try different approaches to managing your moods.

### ☉ Sun ☐ Square ♁ natal NNode

Right now you feel pulled in two directions at once, between what you want to do and what you sense you should be doing. You're likely **second-guessing your choices** and questioning whether you're on the right track with work or relationships. This friction is real, and over the coming weeks you'll need to sit with the discomfort instead of rushing to resolve it.

### ♁ Lilith ☌ Conjunction ♁ natal NNode

Right now you're more willing to question social rules and expectations that don't actually fit who you are. You might feel **restless with routines or relationships that require you to stay small**, and you're less likely to apologize for taking up space or speaking up. This period invites you to notice which boundaries you've kept out of habit rather than genuine choice, though acting on that awareness requires thought and timing.

### ☉ Sun \* Sextile ♁ natal Uranus

You find it easier to **break your own rules and try something different** without feeling reckless or anxious about it. Your usual caution loosens just enough to let you experiment with a new idea at work, change your routine, or speak up in a way you normally wouldn't. This window lasts only a few weeks, so any small risk you take now tends to feel manageable and actually fun instead of frightening.

### ♀ Venus ☐ Square ♁ natal Chiron

Right now you're more aware of what you're not getting from the people close to you, and it stings more than usual. You might find yourself **withdrawing from social situations or feeling rejected** even when no one has actually hurt you. Over the coming weeks, this discomfort is pointing you toward recognizing where you've settled for less affection or respect than you actually need.

### ☉ Sun ∠ Semi sextile ♃ Jupiter

These days you feel a bit more **optimistic about your abilities** and willing to take on new projects. Small wins come easier right now because you're not overthinking things or waiting for perfect conditions. This is a good time to start something you've been putting off, since your confidence has a gentle boost and you're likely to see early progress.

### ☉ Sun ☿ Quincunx ♇ Pluto

Right now you might feel **out of step with your own needs**, as if what you want and what's actually happening don't quite match up. You notice yourself making small adjustments to stay in control of a situation, only to realize those tweaks aren't really working. This mismatch between your intentions and real results can leave you feeling frustrated until you accept that some things need to shift more completely than you planned.

### ☾ Moon △ Trine ♀ Venus

These days you find it easier to tell people what you actually feel without worrying they will reject you. Your emotional needs and your desire for connection are **naturally aligned**, so you speak up when something matters instead of staying quiet. This is a good window to have conversations you have been putting off or to spend time with people who make you feel genuinely accepted.
