KEY DATE

☿ Mercury stations Retrograde

When *Mercury* stations retrograde, **communication breakdowns and misunderstandings** become noticeably more common in daily life. Emails get lost, conversations get tangled, and people often need to **repeat themselves or clarify** what they meant the first time around. Travel plans, contracts, and tech devices tend to **glitch or require fixes**, so most people find themselves troubleshooting problems they thought were already solved.

KEY TRANSIT FACTORS

☉ Sun △ Trine ♁ natal NNode ★

Right now you find yourself **naturally drawn toward conversations and situations that feel aligned with who you are**. People respond to your straightforward confidence, and opportunities seem to show up with less effort on your part. Over the coming weeks, trust what feels genuinely right instead of second-guessing yourself.

☉ Sun △ Trine ☉ natal Sun

You feel **naturally confident** in who you are right now, and people respond to that ease in you. Your goals and what you actually want to do line up better than usual, so decisions feel less exhausting. Over the coming weeks you'll probably notice yourself moving forward on things without having to push so hard.

♇ Pluto * Sextile ☉ natal Sun

Over the coming weeks, you feel more **willing to take control of situations** that have felt stuck or out of your hands. Your sense of what you actually want becomes clearer, and you find yourself making decisions with less doubt than usual. This period supports real change in your life, especially when you stop waiting for permission and start acting on what matters to you.

♃ Jupiter △ Trine ♆ natal Neptune

Over the coming weeks, you find it easier to **believe in your own ideas** without needing constant proof or reassurance. Your imagination feels more practical right now, and you can turn vague daydreams into actual plans that other people take seriously. This is a good time to pitch something creative or intuitive that you've been sitting on, because people around you are more receptive to what you're offering.

♁ Chiron ♂ Conjunction ♂ natal Mars

Right now you're noticing where you push too hard or hold back too much when you act. You might feel frustrated with yourself for either charging ahead without thinking or for being too cautious, and this **self-awareness about your own aggression** is temporary but useful. Over the coming weeks, pay attention to how you actually handle conflict or physical effort instead of assuming you know what you'll do.

♿ Mercury Rx · ♊ Gemini

Information overload and communication mix-ups are more likely right now than at other times. You may find yourself re-reading, misunderstanding, or having to repeat conversations that should have been straightforward. Slow down with written communications in particular — errors sneak through when you feel most certain.

♂ Mars Rx · ♐ Sagittarius

The drive to expand, travel, or pursue big goals hits practical obstacles during this period. Restlessness and impatience with limitations are higher than usual, but action taken from frustration tends to misfire. Reviewing your longer-term direction is more rewarding now than forcing movement toward it.

☉ Sun ☍ Opposition ♇ Pluto

Right now you are more aware of what you cannot control, and this awareness makes you feel **powerless in situations where you normally feel in charge**. People around you may seem to be testing your authority or questioning your decisions in ways that feel personal. This period brings psychological friction because your sense of self is bumping up against forces larger than your willpower.

☾ Moon qx Quincunx ♿ Mercury

At the moment your *Moon* and *Mercury* are at odds, which makes it hard to say what you actually feel without overthinking it first. You might notice yourself **second-guessing your own reactions** or explaining your emotions in ways that don't quite fit the actual situation. This awkward angle between emotion and thinking tends to create mild frustration until you accept that some feelings just don't translate neatly into words.

☾ Moon qx Quincunx ♀ Venus

Right now your emotional needs and what you want socially are slightly out of sync, so you might feel pulled in two directions. You could notice yourself wanting comfort and closeness at times when you'd rather stay independent, or the opposite. This **mismatch between feeling and wanting** is temporary, and noticing it is the first step to working with it instead of against it.

LUNAR DAY

Moon in ♏ Scorpio · Day 14 / 30 · Waxing Gibbous

Psychological intensity rises for the next 48 hours, and surface-level talk becomes noticeably less satisfying. People read into what others leave unsaid more than usual, and private matters feel more pressing.

CLOTHING & JEWELRY

Monday · ☾ Moon · Venus in Scorpio

Monday belongs to the Moon — wear silver, white, or soft green tones. Moonstone or pearl as a pendant or ring amplifies the day's intuitive, nurturing energy.
