KEY TRANSIT FACTORS

♁ NNode ☐ Square ♃ natal Jupiter ★

Right now you are **overcommitting to things that seem important but don't actually fit your life**. You feel pulled toward opportunities, promises, and plans that look good on paper but create practical conflicts when you try to follow through. Over the coming weeks, you will hit real consequences from saying yes too much, and you'll have to make uncomfortable choices about what actually matters.

♆ Neptune △ Trine ♀ natal Venus

These days you're drawn to people and situations that feel emotionally comforting, and others respond to your **gentler, more accepting presence**. Your social interactions become less demanding because you're naturally more willing to go along with what people suggest rather than pushing your own preferences. Over the coming weeks this softness in how you show up can deepen your existing relationships, though you'll want to notice if you're avoiding saying what you actually want.

♇ Pluto ☉ Opposition ♅ natal Uranus

You feel a strong urge to break free from situations that suddenly feel unbearable, yet any moves you make seem to create more chaos than relief. Your **impulsive decisions** clash with people who depend on your stability, leaving you frustrated and them confused. Over the coming weeks, you will need to slow down and distinguish between what actually needs to change and what you just want to escape from right now.

♂ Mars qx Quincunx ☾ natal Moon

Over the coming weeks, you may feel **restless in ways that don't match what you actually want to do**. Your emotional needs and your impulse to act keep pulling in different directions, leaving you frustrated or unsure which one to follow. This awkward timing usually passes, but while it lasts you might notice yourself starting things and stopping them, or feeling irritated that people aren't moving at your pace.

♃ Jupiter ∠ Semi sextile ☉ natal Sun

You feel a quiet boost to your confidence right now, making it easier to speak up in situations where you'd normally hold back. People respond well to you at the moment because you come across as genuinely interested and **naturally encouraging**, which opens social and professional doors. This support from *Jupiter* touching your *Sun* lasts a few weeks and works best when you actually say yes to invitations and new opportunities instead of waiting for the perfect moment.

♀ Mercury Rx · ♐ Sagittarius

Plans for travel, education, or big-picture goals hit unexpected snags right now. Opinions expressed with too much confidence may need to be walked back, and long-distance communications often get garbled. This is a better period for reviewing beliefs than for broadcasting them.

☉ Sun ☌ Conjunction ☿ Mercury

These days your mind feels clearer and you're more likely to speak up about what you actually think. **You say things more directly** and people tend to listen because you sound confident. This is a practical time to have conversations you've been putting off or to explain yourself without second-guessing every word.

☉ Sun △ Trine ♅ Uranus

Right now you feel comfortable taking risks that normally make you anxious, and **you speak up about ideas you'd usually keep quiet**. Other people seem more receptive to what you have to say, and conversations naturally veer toward what could happen instead of what has always happened. This is a good time to propose changes at work, try something new socially, or make a practical decision you've been putting off.

☉ Sun ∟ Semi sextile ♇ Pluto

These days you have a quiet **ability to notice what really matters** underneath surface conversations and behaviour. Your psychological instincts are sharper than usual, so you pick up on unspoken feelings in others and respond with genuine understanding. This minor aspect between *the Sun* and *Pluto* gives you a practical advantage in conversations where honesty counts.

LUNAR DAY

Moon in ♎ Libra · Day 26 / 30 · Last Quarter

The social atmosphere becomes more diplomatic during this transit, with more care taken to avoid unnecessary friction. Decisions slow down as multiple perspectives get weighed, and outright conflict feels harder to initiate than usual.

CLOTHING & JEWELRY
