KEY TRANSIT FACTORS

☿ Mercury ☐ Square ♂ natal Mars

Right now your thoughts move faster than your patience, and you're more likely to say things you'll regret in arguments or heated conversations. **You interrupt people, contradict them quickly, and struggle to listen** without jumping in with your own point. These next couple of weeks will test your ability to slow down before you speak, because your natural instinct is to react fast and hard.

♄ Saturn ☐ Square ♄ natal Saturn

You feel **blocked and frustrated** by rules and limits that suddenly feel too tight, whether at work or in your own routines. Everything takes longer than it should right now, and you are likely to doubt whether you have what it takes to reach your goals. These feelings are real but temporary, and pushing harder against the resistance usually backfires, so your best move is to slow down and rebuild your structure piece by piece.

♇ Pluto ☐ Quincunx ♇ natal Pluto

You may notice that your usual way of handling power or control in a situation feels slightly off or requires adjustment. Over the coming weeks, you might find yourself **questioning strategies that normally work for you**, or feeling restless about decisions you thought were final. This awkward fit between your instinct and what the situation demands can actually push you toward a more practical solution if you stay patient with the discomfort.

♃ Jupiter * Sextile ♆ natal Neptune

Over the coming weeks, you find it easier to **trust your intuition without overthinking**, and this quieter confidence actually helps you make better decisions in practical situations. Your imagination feels less chaotic right now, and you can use creative ideas to solve real problems at work or in your relationships instead of getting lost in them. This is a good window to act on something you've been imagining or planning, because your instincts and your common sense are actually working together.

☾ Moon ☐ Quincunx ♃ natal Jupiter

Over the coming weeks, you might feel **restless about your own beliefs or plans** without being able to pinpoint why. Your emotional needs and your larger goals keep pulling in different directions, making it hard to feel settled in either area. This mismatch usually passes on its own once the transit moves on.

☉ Sun * Sextile ♂ Mars

Right now you find it easier to **take action on things you actually want** instead of sitting with them in your head. Your motivation and your confidence are aligned, so when you decide to do something, your body follows without the usual resistance. This is a practical window for starting projects, having difficult conversations, or pushing through work that needs momentum.

› Moon ☌ Conjunction ♃ Jupiter

Right now you feel more **generous and open to other people** than usual, which makes it easier to connect socially or ask for what you need. Your emotional confidence is higher, so you're more likely to take a chance on something that normally makes you nervous. This mood won't last forever, so use it to have conversations you've been putting off or to try something that requires a bit of courage.

› Moon ♌ Semi sextile ♄ Saturn

These days you find it easier to **talk about practical problems without getting swept up in feelings**. The *Moon* and *Saturn* aspect makes emotional conversations feel steadier, so you can say what needs saying without drama. This is a good time to have difficult talks about real things because your head and your heart are working together instead of against each other.

LUNAR DAY

Moon in ♐ Sagittarius · Day 24 / 30 · Last Quarter

Restlessness with routine increases during this transit, and the desire to break out of familiar patterns grows. Opinions get expressed more freely and with less filtering for the next day or two.
