KEY TRANSIT FACTORS

☉ Sun Δ Trine ♊ natal NNode \star

Right now you find yourself **naturally drawn toward conversations and situations that feel aligned with who you are**. People respond to your straightforward confidence, and opportunities seem to show up with less effort on your part. Over the coming weeks, trust what feels genuinely right instead of second-guessing yourself.

♆ Neptune \angle Semi sextile ♊ natal NNode

Over the coming weeks, you find it easier to **trust your instincts about which people and situations are good for you**, and this quiet confidence helps you make better choices without overthinking them. Your intuition about your own direction becomes clearer because you're less caught up in what others expect, allowing you to notice what actually feels right for your life. This is a good time to say yes to opportunities that appeal to you on a gut level, since your internal compass is working more smoothly than usual.

♇ Pluto $q\chi$ Quincunx ♇ natal Pluto

You may notice that your usual way of handling power or control in a situation feels slightly off or requires adjustment. Over the coming weeks, you might find yourself **questioning strategies that normally work for you**, or feeling restless about decisions you thought were final. This awkward fit between your instinct and what the situation demands can actually push you toward a more practical solution if you stay patient with the discomfort.

♂ Mars σ Conjunction ♅ natal Uranus

Right now you feel a sudden urge to break free from routines that have been holding you back, and you're **more willing to take risks and act on impulses** than usual. You might start arguments about rules you've always resented, or suddenly quit something without a backup plan. This restless energy will pass in a few weeks, but while it lasts, the challenge is channeling this drive toward change instead of just creating chaos.

♊ NNode $q\chi$ Quincunx ♊ natal NNode

Over the coming weeks you notice a disconnect between what you think you should be doing and what actually feels right to you. Your **usual sense of direction becomes unclear**, and small decisions that normally feel straightforward now require more thought. This awkward mismatch between your plans and your instincts will settle once this period passes.

♃ Jupiter **Rx** \cdot ♐ Sagittarius

Beliefs, philosophies, and long-held worldviews are under more rigorous self-examination than usual right now. Optimism that has been unquestioned may suddenly reveal its assumptions. This period is genuinely useful for distinguishing between what you believe and what you actually know.

♄ Saturn **Rx** \cdot ♑ Capricorn

Ambitions, career structures, and long-term goals are under the most rigorous review possible during this period. Work that has been sustained through discipline alone may now reveal where genuine motivation is missing. This is a demanding but genuinely clarifying period for honest assessment of your long-term direction.

☉ Sun ☿ Semi sextile ♂ Mars

These days you feel **motivated to take small steps forward** without forcing things or burning out. Your practical energy matches what you actually want to do right now, so starting a project or having a difficult conversation feels less exhausting than usual. This is a good window to build momentum on something you care about while the effort still feels natural.

☉ Sun ♃ Opposition ♃ Jupiter

Right now you are more likely to overcommit and say yes to things you cannot actually do. Your confidence is high but your realistic assessment of time and resources is low, which creates practical problems down the line. The gap between what you promise and what you deliver becomes **harder to hide**, and people around you start to notice the disconnect.

☉ Sun ♄ Quincunx ♄ Saturn

Right now you feel a mismatch between what you want to do and what seems practical or allowed. You might push forward with a plan only to run into a real obstacle that makes you reconsider, or hold back when you actually have a real opportunity. **This awkward timing between your drive and your responsibilities** means you cannot simply act on instinct—you need to adjust, compromise, or wait for better conditions.
