KEY TRANSIT FACTORS

♊ NNode ☉ Opposition ♃ natal Mercury

Right now you find yourself **saying things that confuse or upset people** even when you do not intend to. Your usual way of explaining yourself is not landing the way it normally does, and you keep having to backtrack or clarify what you meant. Over the coming weeks, this friction in how you communicate may force you to slow down and actually listen to what others need to hear instead of just what feels natural to say.

♊ NNode ♌ Trine ♇ natal Pluto

You find it easier right now to **face difficult truths about yourself without feeling defensive**. People respond well when you talk about what you actually want instead of what you think you should want. Over the coming weeks, this honesty opens doors that staying quiet would have kept closed.

♅ Uranus ♁ Quincunx ♆ natal Neptune

Over the coming weeks, you may notice your usual routines feel less satisfying or believable than before. You might find yourself questioning plans you thought were solid, or feeling restless about commitments that once felt safe. This **disconnect between what you expect and what actually holds your attention** can make it hard to stick with anything for long, so building in flexibility rather than fighting the feeling works better right now.

♀ Venus ☉ Conjunction ☉ natal Sun

These days you feel more **likeable and relaxed in social situations**, and other people tend to respond warmly to you without much effort on your part. You probably care more about how you look and feel, and small gestures of affection or appreciation from others land differently than usual. This window lasts a few weeks, so it's a practical time to repair relationships that have felt cold or to ask for something you want.

♂ Mars ♌ Semi sextile ♂ natal Mars

These days you're finding it easier to **take action on things you've been putting off**, whether that's a project at work or a personal goal you've wanted to tackle. Your motivation feels steadier than usual, and you're not fighting yourself as much when it comes to getting started on difficult tasks. Over the coming weeks, this quieter boost to your initiative can help you build real momentum without burning out.

♃ Jupiter Rx · ♉ Taurus

Material growth and financial expansion slow during this period, encouraging a more careful review of resources and values. Over-commitments made in a spirit of optimism may now feel burdensome. Consolidating what you have is more productive now than reaching for more.

☉ Sun ☐ Square ☾ Moon

Right now your gut feelings and your sense of purpose are pulling in opposite directions. You might feel irritated with people close to you without knowing exactly why, or snap at someone when you meant to stay calm. This friction between what you want to do and what feels emotionally safe can push you to make real changes, but only if you stop and actually listen to both sides instead of just reacting.

☉ Sun ♂ Conjunction ♂ Mars

Right now you feel **more direct and willing to take action** on things you normally hesitate about. You're likely to speak up in conversations, push forward with a project, or make a decision you've been putting off. This practical confidence usually fades once the transit passes, so use it to handle what actually needs doing.

☉ Sun ☐ Square ♄ Saturn

Right now you're running into real obstacles when you try to move forward with what you want. **You feel blocked by rules, other people's expectations, or your own self-doubt**, and pushing harder usually just makes things worse. The practical thing to do is slow down, check what's actually realistic, and accept that some goals need more time or a different approach.

LUNAR DAY

Moon in ♒ Aquarius · Day 8 / 30 · First Quarter

Emotional detachment increases these days, making abstract discussions and group concerns feel more engaging than personal ones. People respond better to logic than to feeling right now, and the need for independence runs noticeably higher.
