## KEY DATE

### ☿ Mercury enters ♋ Pisces

*Mercury* in *Pisces* makes your thinking **slower and less direct** — you'll notice yourself taking longer to find the right words, or changing your mind mid-conversation. In work and daily tasks, this transit rewards **intuition and pattern-spotting** over step-by-step logic, so you might solve problems by sensing what feels right rather than working through details. Relationships often improve because you're more **willing to listen without interrupting** and pick up on what people aren't saying aloud, though you may struggle to explain your own point clearly.

## KEY TRANSIT FACTORS

### ♃ Jupiter \* Sextile ♂ natal Mars

Over the coming weeks, you'll notice yourself **moving forward on things you've been putting off** without forcing anything. Your natural confidence is higher right now, so you take action more quickly and people respond better to what you're trying to do. This is a practical window where effort actually produces results, so starting a project or pushing a goal forward will feel less exhausting than usual.

### ☉ Sun qx Quincunx ♄ natal Saturn

Over the coming weeks, you feel caught between wanting to move forward and sensing you should slow down, which creates low-level frustration. You might **second-guess decisions** you normally make with confidence, or find that what seemed straightforward yesterday feels complicated today. This mismatch between your impulses and your caution will fade, but while it lasts you'll benefit from checking your plans twice before committing.

### ☾ Moon qx Quincunx ♃ natal Jupiter

Over the coming weeks, you might feel **restless about your own beliefs or plans** without being able to pinpoint why. Your emotional needs and your larger goals keep pulling in different directions, making it hard to feel settled in either area. This mismatch usually passes on its own once the transit moves on.

### ♄ Saturn Δ Trine ♁ natal Chiron

Right now you are **more willing to sit with your own pain without needing to fix it immediately**, which lets you actually learn from past hurts instead of just moving past them. This practical acceptance means you can talk about difficult experiences with less defensiveness and help others do the same. Over the coming weeks, what once felt raw or tender becomes something you can work with directly.

### ♂ Mars ∟ Semi sextile ♀ natal Venus

These days you feel more **confident when connecting with people** you care about, and small gestures of affection come naturally to you. Your *Mars* is working smoothly with your *Venus*, making it easier to express what you want without being pushy or awkward about it. Over the coming weeks, you might find that conversations flow better and you're less hesitant to take the social initiative.

### ♂ Mars Rx · ♎ Libra

Asserting your needs in relationships feels harder than usual right now, and unresolved conflicts tend to resurface. Avoiding direct confrontation can build passive tension that eventually requires release. Honest conversations about what is and is not working in close partnerships are more useful now than they feel.

### ♃ Jupiter Rx · ♎ Libra

The growth of partnerships and social connections pauses for internal review during this period. Beliefs about fairness, collaboration, and what constitutes a good agreement are being quietly re-examined. Clarifying what you genuinely want from close relationships matters more right now than what seems reasonable on the surface.

### ☉ Sun ☐ Square ☾ Moon

Right now your gut feelings and your sense of purpose are pulling in opposite directions. You might feel irritated with people close to you without knowing exactly why, or snap at someone when you meant to stay calm. This friction between what you want to do and what feels emotionally safe can push you to make real changes, but only if you stop and actually listen to both sides instead of just reacting.

### ☉ Sun ♂ Conjunction ♀ Venus

These days you find it easier to ask for what you want and to say yes to invitations without overthinking. People around you respond well because you come across as **genuinely interested in them** rather than worried about how you look. This is a good window for making a request, starting a conversation you have been putting off, or simply enjoying company without the usual self-doubt getting in the way.

### ♀ Venus ☒ Quincunx ♂ Mars

These days you want something but feel awkward making it happen, so you might hesitate, then push too hard, then pull back again. Your desires and your actions are not in sync right now, which means **stop-start behaviour** in relationships and projects where you actually care about the outcome. The practical fix is to slow down and check in with yourself before you act, because rushing will just create unnecessary friction.

## LUNAR DAY

Moon in ♐ Sagittarius · Day 23 / 30 · Last Quarter

**Restlessness with routine increases** during this transit, and the desire to break out of familiar patterns grows. Opinions get expressed more freely and with less filtering for the next day or two.

## CLOTHING & JEWELRY

Wednesday · ♃ Mercury · Venus in Scorpio

Wednesday answers to Mercury — bright yellow, amber, or golden tones sharpen the mind. Tiger's eye as a bracelet or pocket stone supports communication and mental clarity.
