KEY TRANSIT FACTORS

♆ Neptune ☿ Quincunx ♃ natal Uranus · peak 9 Jan

Over the coming weeks, you find yourself **second-guessing decisions you normally make without hesitation**, especially about independence or unconventional plans. Your instinct to break free from routine is still there, but doubt keeps creeping in about whether the timing or approach actually makes sense. This confusion fades once the transit passes and your clearer judgment returns.

♃ Uranus ♌ Trine ♀ natal Venus · peak 5 Jan

Over the coming weeks you are more willing to do things differently in your relationships and social life, and people respond well to this openness. You feel less concerned about what others think, which makes you **more authentic and relaxed** around people you care about. This natural ease draws others toward you and creates space for real connection instead of performing what you think you should be.

♄ Saturn ☿ Conjunction ♇ natal Pluto · peak 28 Jan

You are experiencing a sharp drop in your ability to ignore what is not working in your life, and you feel **compelled to confront things you usually avoid**. This period brings a practical clarity about where you have given away your power or stayed stuck out of habit. Over the coming weeks, you may make serious decisions about cutting ties, changing direction, or stopping behaviour that no longer serves you.

♃ Jupiter * Sextile ☉ natal Sun · peak 31 Jan

These days you feel more **confident in yourself** and people around you seem to notice it too. You're more willing to take on new projects or speak up in situations where you'd normally hold back, and things tend to work out better than expected. This period is ideal for asking for what you want—whether that's at work, in relationships, or for a personal goal—because you're coming across as genuinely assured rather than pushy.

♆ Neptune ☿ Conjunction ♁ natal NNode · peak 15 Jan

These days you find yourself **drawn to people and situations that feel meaningful without quite knowing why**. Your usual sense of direction gets softer, and you may second-guess choices you normally feel clear about. Over the coming weeks, pay attention to what actually pulls your interest—this is real information, even if it doesn't make logical sense right now.

♄ Saturn * Sextile ♀ natal Mercury · peak 22 Jan

Your thinking becomes clearer and more practical right now, letting you organize your thoughts in ways that actually work. You're naturally **more careful with details and less prone to overlooking things**, which helps your writing, planning, or problem-solving feel more solid. This is a good window to tackle anything that needs patience and precision, since your mind is working in your favor rather than against you.

♊ NNode ∟ Semi sextile ♋ natal NNode · peak 20 Jan

Over the coming weeks, you'll find it easier to **connect with people who share your actual values and interests** instead of forcing relationships that don't fit. You're picking up on social cues more naturally right now, which helps you spot who genuinely has your back. This period supports you in building friendships and groups based on real compatibility rather than habit or obligation.

♊ NNode △ Trine ♄ natal Uranus · peak 25 Jan

Over the coming weeks, you find it easier to **break free from routines that no longer fit** without feeling guilty or reckless. Your instinct for what needs to change aligns naturally with the directions your life is actually moving, so small rebellions feel honest rather than impulsive. This is a good window to experiment with new approaches to work or friendships and trust that the timing is right.

♃ Jupiter ∟ Semi sextile ♀ natal Venus · peak 18 Jan

Over the coming weeks, you find it easier to say yes to social invitations and to express what you actually like about the people around you. **You're more generous with compliments and attention**, which tends to make conversations warmer and more genuine. This small shift in how you show up socially often leads to better connections and a quiet sense of contentment in your relationships.

♊ NNode * Sextile ♃ natal Jupiter · peak 1 Jan

You find it easier to say yes to opportunities that actually align with what you want, rather than forcing yourself into situations that feel wrong. **Your judgment about which invitations and offers are worth your time becomes sharper**, and people respond well when you move toward them with this kind of clarity. Over the coming weeks, you'll likely notice doors opening in areas where you've been quietly hoping for movement, whether that's socially, professionally, or in learning something new.

♅ Pluto ♂ Conjunction ♂ natal Mars · peak 1 Jan

You feel a sharp increase in your need to control situations and push your agenda forward, making you more confrontational than usual. At the moment, you're likely to act on frustrations you've been sitting with, and small disagreements can escalate quickly because you're not filtering your reactions. **This directness and intensity** can clear the air or damage relationships, depending on whether you're channeling it into practical problems or just venting anger.

♆ Neptune □ Square ♃ natal Jupiter · peak 31 Jan

Right now you are **overestimating what you can achieve** and making commitments based on wishful thinking instead of realistic assessment. Your usual confidence in your plans is being clouded by *Neptune*, so promises you make or goals you set are likely to fall apart once you try to execute them. Over the coming weeks, expect practical disappointment and the need to scale back or rebuild what you've rashly agreed to.

♊ NNode ♁ Quincunx ♄ natal Saturn · peak 31 Jan

Right now you are noticing a mismatch between what you feel you should do and what actually works in your life, which makes **decision-making feel awkward and slow**. You might find yourself second-guessing practical choices or feeling like the obvious path forward has a hidden complication you cannot quite name. Over the coming weeks, the best approach is to sit with this discomfort rather than push through it—your instincts are picking up on something real that needs attention.

♆ Neptune △ Trine ♄ natal Saturn · peak 1 Jan

Right now you find it easier to stick with practical plans without getting frustrated by delays or setbacks. **You stay calm under pressure** and actually follow through on responsibilities that usually feel like a burden. This period gives you a real chance to build something solid, whether that's finishing a project, organizing your life, or keeping commitments you normally struggle to maintain.

♄ Chiron ∟ Semi sextile ♄ natal Chiron · peak 1 Jan

You find yourself more willing to talk about things that normally feel difficult or private, and people respond better than you expected. This period brings a quieter kind of confidence where you stop pretending everything is fine and actually **admit what you struggle with**. Small conversations about real problems start to shift how you feel about yourself and what you thought you had to hide.

♄ Saturn Rx · ♌ Leo

Ambition and the structures supporting creative or public expression face an honest review during this period. Recognition that has been slow to arrive may be prompting important reassessment of your goals or methods. Internal validation serves you more right now than seeking external acknowledgment.

LUNATIONS

○ Full Moon · Wednesday, 3 Jan

in ♋ **Cancer**

emotional culmination, family matters, inner needs surface

in H9 — **Expansion & Beliefs**

A belief, journey, or educational matter is reaching its culmination. Something you've been learning, travelling toward, or coming to believe is now **reaching a point of clarity or completion**. A trip may end or reach its destination. A long-held belief may be challenged or confirmed. This full moon illuminates your relationship with truth, freedom, and meaning — what expands you and what has been keeping you intellectually or spiritually confined.

● New Moon · Friday, 19 Jan

in ♑ **Capricorn**

long-term goals, ambition, structural reset

in H3 — **Communication & Learning**

Your mind is ready for new inputs and your communication style is shifting. This is an excellent time to **start a course, launch a project involving writing or speaking**, or open honest conversations with people in your immediate environment. Short trips, new learning experiences, and reconnecting with siblings or neighbors may carry unusual significance now. What you plant in conversation and learning at this point will take root in meaningful ways.

KEY DATES

Mon, 1 Jan ♋ NNnode ✳ Sextile ♃ natal Jupiter

♇ Pluto ♂ Conjunction ♂ natal Mars

Wed, 3 Jan Full Moon in Cancer

Thu, 4 Jan ♀ Venus enters ♒ Aquarius

Venus in *Aquarius* makes people **less interested in traditional relationship rules** and more drawn to friends, group settings, or unconventional arrangements. In practice, you might notice yourself **valuing independence and honesty** over romantic gestures, or finding that casual friendships suddenly feel more appealing than intense one-on-one bonds. At work and in daily life, this transit brings a **cooler, more detached approach** to money and socialising—you'll likely spend less on impulsive buys and prefer people who let you do your own thing.

Fri, 5 Jan ♂ Uranus △ Trine ♀ natal Venus

Mon, 8 Jan ♋ NNnode ✳ Sextile ♃ natal Jupiter

♇ Pluto ♂ Conjunction ♂ natal Mars

Mon, 15 Jan ☿ Mercury enters ♒ Aquarius

♆ Neptune ♂ Conjunction ♋ natal NNnode

♁ Uranus △ Trine ♀ natal Venus

Mercury in *Aquarius* brings **clearer, more direct communication** — people tend to say what they actually think instead of softening their words, which works well in meetings but can feel blunt in casual conversations. At work and in friendships, you'll notice **more focus on logic and ideas** rather than emotions, making this a good time for problem-solving but a trickier period if someone needs emotional support. *Aquarius* also pushes thinking toward the **bigger picture**, so conversations shift from daily complaints to plans, systems, and what-if scenarios that feel more interesting but less immediately practical.

Wed, 17 Jan ♂ Mars enters ♑ Capricorn

Mars in *Capricorn* brings **steady focus** to work and long-term goals, so people tend to notice they can **stick with difficult tasks** without burning out or losing patience. In relationships and at work, this transit makes people more **direct and serious** about what they want, which often means fewer complaints and more straightforward conversations about practical problems. Over the next weeks, expect a shift toward **getting results** rather than starting new things—the energy works best on finishing projects and building something that actually lasts.

Fri, 19 Jan New Moon in Capricorn

Sat, 20 Jan ☉ Sun enters ♒ Aquarius

Sun in *Aquarius* brings a **shift toward independence** and a stronger need to do things your own way instead of following the usual pattern. At work and in conversations, you'll **notice people speak up more** about ideas that feel different or go against what everyone expects. In relationships and friendships, **distance often increases** slightly as people pull back to focus on their own projects and interests rather than staying close to the group.

Sun, 21 Jan ♄ Saturn ♂ Conjunction ♇ natal Pluto

Mon, 22 Jan ♄ Saturn ✳ Sextile ☿ natal Mercury

♆ Neptune ♂ Conjunction ♋ natal NNnode

Thu, 25 Jan ♋ NNnode △ Trine ♂ natal Uranus

Sun, 28 Jan ♀ Venus enters ♋ Pisces

♄ Saturn ☌ Conjunction ♇ natal Pluto

Venus in Pisces makes people **softer and more forgiving** in how they treat others, so you might find yourself saying yes to requests you'd normally turn down or letting old arguments go without needing to rehash them. In relationships and work, this transit brings **less direct communication** — people get quieter, drop hints instead of asking straight out, and assume others understand what they want without saying it. Venus here also pulls attention toward **feeling appreciated through small gestures** like a text check-in or someone remembering how you take your coffee, rather than big declarations or expensive gifts.
