KEY TRANSIT FACTORS

♆ Neptune △ Trine ♆ natal Neptune · peak 27 Jan

Your intuition about other people becomes unusually reliable right now, and you find yourself understanding what others need without them having to explain it. You're also more comfortable sitting with uncertainty in practical situations instead of rushing to solve everything immediately. These small shifts make your relationships feel easier and give you permission to trust your gut more than usual.

♄ Chiron △ Trine ☉ natal Sun · peak 11 Jan

Over the coming weeks, you find it easier to **talk about your past struggles without shame**, and people respond by listening instead of judging. Your confidence in handling difficult conversations improves naturally, and you notice you can help others through their problems without getting stuck in them yourself. This period gives you a practical window to work through something that has bothered you for a while, and your clarity right now makes the work feel less heavy.

♄ Saturn △ Trine ♄ natal Chiron · peak 29 Jan

Right now you are **more willing to sit with your own pain without needing to fix it immediately**, which lets you actually learn from past hurts instead of just moving past them. This practical acceptance means you can talk about difficult experiences with less defensiveness and help others do the same. Over the coming weeks, what once felt raw or tender becomes something you can work with directly.

♃ Jupiter ♂ Conjunction ♄ natal Chiron · peak 19 Jan

Over the coming weeks, you're likely to feel more **willing to talk about past hurts that usually stay private**. People around you may notice you're more open and less defensive when difficult topics come up. This period can actually help you move through some old emotional blocks because you're not fighting against them as hard as usual.

♃ Jupiter ☾ Quincunx ☾ natal Moon · peak 1 Jan

Over the coming weeks you may feel pulled between wanting more comfort and feeling restless with your current situation. Your emotional needs don't quite match what's actually available to you right now, so you keep adjusting your expectations without getting settled. This **mild discomfort with routine** often pushes you to make small changes in how you manage your home or relationships, even if you're not entirely sure what you want.

♆ Neptune □ Square ♃ natal Jupiter · peak 1 Jan

Right now you are **overestimating what you can achieve** and making commitments based on wishful thinking instead of realistic assessment. Your usual confidence in your plans is being clouded by *Neptune*, so promises you make or goals you set are likely to fall apart once you try to execute them. Over the coming weeks, expect practical disappointment and the need to scale back or rebuild what you've rashly agreed to.

♅ Uranus qx Quincunx ♄ natal Saturn · peak 31 Jan

Your usual routines and rules suddenly feel awkward or out of sync with what you actually want to do right now. You find yourself **restless with structure** but not quite ready to abandon it, creating a frustrating gap between your need for stability and your urge to break free. Over the coming weeks, small adjustments to how you work or organize your time will feel more useful than making big changes all at once.

♆ Neptune ☾ Opposition ♇ natal Pluto · peak 31 Jan

Over the coming weeks, you may find your usual sense of control slipping away in situations where you normally feel solid and decisive. You could experience **confusion about what you actually want** from important relationships or projects, making it hard to know whether to push forward or let things go. This fog typically clears once the aspect passes, but right now you are working with incomplete information and shadowy doubts that feel real enough to paralyse you.

♅ Uranus qx Quincunx ☉ natal Sun · peak 1 Jan

These days you feel out of step with your usual routine, even though nothing obvious has changed. Your instinct is to **shake things up or rebel against your normal habits**, but the timing feels awkward and you are not sure what you actually want to do differently. Over the coming weeks, this restless feeling will likely push you to make small adjustments to how you work or present yourself, rather than the dramatic overhaul your mind keeps suggesting.

♄ Chiron ☐ Square ♀ natal Venus · peak 1 Jan

You may feel rejected or inadequate in your relationships right now, picking up on small slights and interpreting them as proof that you're not lovable. Your usual warmth and charm feel blocked, making it harder to ask for what you want or to enjoy physical affection without second-guessing yourself. Over the coming weeks, this discomfort pushes you to stop abandoning your own needs in order to keep people happy.

♆ Neptune ☿ Conjunction ♃ natal NNode · peak 1 Jan

These days you find yourself **drawn to people and situations that feel meaningful without quite knowing why**. Your usual sense of direction gets softer, and you may second-guess choices you normally feel clear about. Over the coming weeks, pay attention to what actually pulls your interest—this is real information, even if it doesn't make logical sense right now.

♅ Uranus △ Trine ♅ natal Uranus · peak 31 Jan

While this lasts, you find it easier to **accept change without resisting it**, and situations that would normally feel unsettling instead feel like natural next steps. You might suddenly see a practical way to break a habit, update an old routine, or move toward something you've been thinking about for months. This period gives you the psychological flexibility to experiment with new approaches and trust your instincts about what needs to shift in your life right now.

♆ Neptune △ Trine ♃ natal Mercury · peak 31 Jan

Your thinking becomes **less rigid and more imaginative** right now, making it easier to see possibilities where you usually spot problems. You find yourself writing more fluently, explaining complicated ideas in ways people actually understand, and picking up on what others really mean beneath their words. While this lasts, your mind works in gentler patterns, so take advantage by tackling creative projects or having difficult conversations you've been putting off.

♆ Neptune qx Quincunx ♅ natal Uranus · peak 1 Jan

Over the coming weeks, you find yourself **second-guessing decisions you normally make without hesitation**, especially about independence or unconventional plans. Your instinct to break free from routine is still there, but doubt keeps creeping in about whether the timing or approach actually makes sense. This confusion fades once the transit passes and your clearer judgment returns.

♃ Jupiter * Sextile ♀ natal Venus · peak 31 Jan

These days you find it easier to say yes to social invitations and connect with people who matter to you. You feel **naturally generous** with your time and attention, which makes others want to be around you more. This period is ideal for deepening friendships, starting new relationships, or simply enjoying the company you keep without forcing anything.

♂ Mars Rx · ♊ Gemini

Energy scatters across too many directions right now, making sustained effort on a single goal unusually difficult. Arguments or miscommunications can flare up without clear cause, and the frustration of divided attention builds quickly. Choose one or two priorities and protect them from the rest during this period.

♄ Saturn Rx · ♍ Virgo

The systems and routines you rely on for health, work, and daily functioning are being tested for their genuine usefulness right now. Habits maintained out of routine rather than benefit deserve honest evaluation. Small corrections made now to health or work practices tend to produce more durable improvement than sweeping changes.

LUNATIONS

● New Moon · Tuesday, 8 Jan

in ♄ Capricorn

long-term goals, ambition, structural reset

in H3 — Communication & Learning

Your mind is ready for new inputs and your communication style is shifting. This is an excellent time to **start a course, launch a project involving writing or speaking**, or open honest conversations with people in your immediate environment. Short trips, new learning experiences, and reconnecting with siblings or neighbors may carry unusual significance now. What you plant in conversation and learning at this point will take root in meaningful ways.

○ Full Moon · Tuesday, 22 Jan

in ♌ Leo

recognition, drama, creative culmination

in H9 — Expansion & Beliefs

A belief, journey, or educational matter is reaching its culmination. Something you've been learning, travelling toward, or coming to believe is now **reaching a point of clarity or completion**. A trip may end or reach its destination. A long-held belief may be challenged or confirmed. This full moon illuminates your relationship with truth, freedom, and meaning — what expands you and what has been keeping you intellectually or spiritually confined.

KEY DATES

Tue, 1 Jan ♂ Mars enters ♊ Gemini

♆ Neptune ☐ Square ♃ natal Jupiter

Mars in *Gemini* shifts your energy toward **talking things through** and **sorting problems quickly** instead of pushing hard on one goal—you'll notice yourself wanting to handle multiple tasks at once and argue your point rather than bulldoze it. At work and in conversations, people tend to get **more direct with words**, debate more often, and jump between projects faster, which can feel productive one moment and scattered the next. In relationships, this transit often brings **sharper communication** and quicker disagreements, since everyone's thinking faster and speaking up more—the upside is less bottled-up frustration, though patience can wear thin.

Mon, 7 Jan ♁ NNode enters ♒ Aquarius

The *North Node* in *Aquarius* pushes people toward **speaking up more openly** and **joining groups** where they can contribute ideas, even when it feels awkward at first. In daily work and relationships, you'll notice **friction with old patterns** — doing things "the way they've always been done" stops feeling comfortable, and people start asking "why" more often. Most will find themselves **drawn to people and projects** that feel different or unconventional, and **taking action on those interests** tends to bring real results over the next 18 months.

Tue, 8 Jan ☿ Mercury enters ♒ Aquarius

New Moon in Capricorn

Mercury in *Aquarius* brings **clearer, more direct communication** — people tend to say what they actually think instead of softening their words, which works well in meetings but can feel blunt in casual conversations. At work and in friendships, you'll notice **more focus on logic and ideas** rather than emotions, making this a good time for problem-solving but a trickier period if someone needs emotional support. *Aquarius* also pushes thinking toward the **bigger picture**, so conversations shift from daily complaints to plans, systems, and what-if scenarios that feel more interesting but less immediately practical.

Fri, 11 Jan ♄ Chiron △ Trine ☉ natal Sun

Sat, 19 Jan ♃ Jupiter ♂ Conjunction ♄ natal Chiron

Sun, 20 Jan ♆ Neptune △ Trine ♆ natal Neptune

♄ Saturn △ Trine ♄ natal Chiron

Mon, 21 Jan ☉ Sun enters ♒ Aquarius

♄ Chiron △ Trine ☉ natal Sun

Sun in *Aquarius* brings a **shift toward independence** and a stronger need to do things your own way instead of following the usual pattern. At work and in conversations, you'll **notice people speak up more** about ideas that feel different or go against what everyone expects. In relationships and friendships, **distance often increases** slightly as people pull back to focus on their own projects and interests rather than staying close to the group.

Tue, 22 Jan Full Moon in Leo

Thu, 24 Jan ♀ Venus enters ♄ Capricorn

Venus in *Capricorn* makes people **slower to commit** but more serious once they do—you notice yourself caring less about flashy romance and more about whether someone actually shows up. At work and in friendships, this transit brings **direct conversations** about what you actually want instead of hinting around, and people generally respect the honesty. Money matters get **practical attention** too, so you're more likely to check your budget, delay impulse buys, and think about long-term value rather than what feels good right now.

Sat, 26 Jan ♅ Pluto enters ♑ Capricorn

When *Pluto* enters *Capricorn*, systems and structures in your life get **taken apart and rebuilt** — you'll notice this at work through sudden changes in authority, job roles, or how things are organized. In relationships and finances, people often become **more serious about commitments** and start cutting away things that don't matter, making decisions they've been putting off for years. *Capricorn's* influence means this process feels **practical and slow** rather than dramatic, so the real shift happens over months and years as old rules stop working and new structures take their place.

Sun, 27 Jan ♆ Neptune △ Trine ♆ natal Neptune

Tue, 29 Jan ☿ Mercury stations Retrograde

♄ Saturn △ Trine ♃ natal Chiron

When *Mercury* stations retrograde, **communication breakdowns and misunderstandings** become noticeably more common in daily life. Emails get lost, conversations get tangled, and people often need to **repeat themselves or clarify** what they meant the first time around. Travel plans, contracts, and tech devices tend to **glitch or require fixes**, so most people find themselves troubleshooting problems they thought were already solved.

Thu, 31 Jan ♂ Mars stations Direct

Mars stationing direct means **energy and drive return** after weeks of stalling, so projects you've been stuck on suddenly feel **pushable forward** again. The pattern is clearer now — you notice what actually works versus what was just spinning wheels, and **decisions become easier** because the confusion lifts. In practice, this is when people stop second-guessing themselves about what they want, start **acting on plans** they've been holding, and arguments that felt circular finally move toward resolution or a clean break.
