KEY TRANSIT FACTORS

♇ Pluto ☌ Opposition ♅ natal Uranus · peak 14 Feb

You feel a strong urge to break free from situations that suddenly feel unbearable, yet any moves you make seem to create more chaos than relief. Your **impulsive decisions** clash with people who depend on your stability, leaving you frustrated and them confused. Over the coming weeks, you will need to slow down and distinguish between what actually needs to change and what you just want to escape from right now.

♄ Saturn ☌ Conjunction ♂ natal Mars · peak 25 Feb

Right now you're running into real limits on what you can push through by force alone. Your usual speed and confidence hit a wall, and tasks that normally feel easy now require patience and planning. Over the coming weeks, you'll notice that **slowing down and working methodically** actually gets you further than your usual drive does.

♇ Pluto ∟ Semi sextile ♊ natal NNode · peak 22 Feb

Over the coming weeks, you find yourself **naturally drawn toward people and situations that feel genuinely right for you**, without needing to overthink the decision. Small obstacles that usually frustrate you seem easier to work around, and you notice you're less defensive when someone challenges your choices. This is a good time to say yes to invitations or opportunities that align with what you actually want, because your instincts are working quietly in your favor.

♃ Jupiter * Sextile ♇ natal Pluto · peak 22 Feb

You are noticing that **you can actually follow through on changes you've been wanting to make**, whether at work or in your personal life, because your motivation to act is both strong and steady right now. *Jupiter* sextile your natal *Pluto* means you have real leverage to transform something practical — you see what needs to happen and you have the confidence to do it without second-guessing yourself. Over the coming weeks, people around you may pick up on this shift and start treating you differently, which can open doors you didn't expect.

♅ Uranus ☌ Opposition ♆ natal Neptune · peak 5 Feb

Right now you're caught between wanting clarity and being pulled toward wishful thinking, which makes practical decisions feel impossible. Your usual ability to sense what others need starts working against you because you're picking up on mixed signals that may not even be real. Over the coming weeks, you'll need to slow down and write things down instead of trusting your gut, because your instincts are genuinely unreliable at the moment.

♄ Chiron qx Quincunx ♇ natal Pluto · peak 8 Feb

You feel pulled between wanting to fix something about yourself and realizing you can't force the change right now. This mismatch shows up as **restlessness in situations where you normally feel in control**, whether at work or in close relationships. Over the coming weeks, the discomfort itself is actually useful—it's pointing you toward a part of your life that needs a different approach than you've been taking.

♄ Chiron ☿ Quincunx ♃ natal Mercury · peak 17 Feb

Right now you're noticing that your usual way of explaining yourself isn't landing the way it normally does, and it can feel **awkward to adjust how you communicate on the fly**. *Chiron* transiting at an angle to your natal *Mercury* means your thinking patterns are slightly out of sync with what others expect to hear. Over the coming weeks, patience with yourself during conversations will help more than trying to force clarity.

♃ Jupiter ☿ Conjunction ♃ natal Mercury · peak 6 Feb

You're thinking more expansively right now and your mind feels faster than usual. You're likely talking more, asking bigger questions, and finding it easier to explain your ideas to others. This is a good window to pitch a proposal, write something you've been putting off, or have conversations you've been avoiding because your confidence in what you're saying is genuinely higher.

♆ Neptune △ Trine ♀ natal Venus · peak 28 Feb

These days you're drawn to people and situations that feel emotionally comforting, and others respond to your **gentler, more accepting presence**. Your social interactions become less demanding because you're naturally more willing to go along with what people suggest rather than pushing your own preferences. Over the coming weeks this softness in how you show up can deepen your existing relationships, though you'll want to notice if you're avoiding saying what you actually want.

♁ NNode □ Square ♄ natal Moon · peak 28 Feb

You are feeling **emotionally pulled in two directions** right now, wanting to stay comfortable while something pushes you toward unfamiliar social or practical territory. Your gut reactions clash with what people around you seem to expect, leaving you irritable and confused about what you actually need. Over the coming weeks, you will have to choose between repeating old emotional patterns or accepting that some relationships and routines no longer fit who you are becoming.

♇ Pluto □ Square ♄ natal Saturn · peak 1 Feb

You feel **trapped by your own rules** right now, as if the structures you built to keep yourself safe are suddenly too tight. You become more rigid and defensive about how things should be done, pushing back hard against anyone or anything that challenges your system. Over the coming weeks, you will likely experience real friction at work or in relationships because you cannot bend, even when bending would help.

♅ Uranus △ Trine ♇ natal Pluto · peak 28 Feb

You find yourself **taking practical action on changes you've wanted to make** without getting stuck in overthinking or self-doubt. This period brings a natural confidence that old patterns no longer serve you, so you move forward with less resistance than usual. Over the coming weeks, you're more likely to follow through on those shifts you've been planning instead of just talking about them.

♇ Pluto △ Trine ♃ natal Jupiter · peak 28 Feb

Over the coming weeks, you find it easier to take productive risks and push past self-imposed limits without overthinking. Your **confidence in your own judgment grows**, and you're more likely to follow through on plans that require persistence or personal reinvention. This is a good window to tackle something you've been putting off because it feels too big or demanding.

♅ Uranus ☿ Opposition ♃ natal Mercury · peak 28 Feb

Your thoughts feel scattered and hard to pin down right now, making it difficult to follow through on plans or explain yourself clearly to others. You may say things you didn't mean or misunderstand what people are trying to tell you, creating **unexpected miscommunication** in conversations that normally go smoothly. This period asks you to slow down and double-check your words and reasoning before acting on them, even though your mind is pushing you to move fast.

♄ Chiron ☿ Quincunx ♆ natal Neptune · peak 1 Feb

Right now you are noticing gaps between what you believe about yourself and how you actually behave in stressful moments. You might find yourself **acting more defensively or withdrawn than you expect**, especially when someone questions your motives or judgment. These days the disconnect feels awkward rather than painful, but it is pushing you to pay closer attention to where your ideals do not match your real actions.

KEY DATES

Wed, 1 Feb ♇ Pluto ☐ Square ♄ natal Saturn

Sat, 4 Feb ♀ Venus enters ♈ Aries

Venus in *Aries* tends to make people more **direct about what they want**, especially in relationships and social situations where they'd normally hold back. You might notice yourself **speaking up sooner** instead of waiting or overthinking, and others responding to that straightforward approach. At work and in friendships, this transit often brings **faster decisions** and less time spent on small talk or people-pleasing.

Sun, 5 Feb ♂ Uranus ♁ Opposition ♆ natal Neptune

♇ Pluto ♁ Opposition ♂ natal Uranus

Mon, 6 Feb ♃ Jupiter stations Retrograde

♃ Jupiter ☌ Conjunction ♿ natal Mercury

Jupiter stationing retrograde often brings a **pause in expansion plans** — job offers stall, travel gets delayed, or educational programs require extra paperwork. At work and in finances, this is when you'll notice yourself **reviewing past decisions** rather than pushing forward, and opportunities that seemed certain can shift or require renegotiation. Growth doesn't stop during this period, but it tends to happen **quietly through reflection**, and real progress usually resumes once *Jupiter* turns direct again.

Tue, 7 Feb ♿ Mercury enters ♒ Aquarius

Mercury in *Aquarius* brings **clearer, more direct communication** — people tend to say what they actually think instead of softening their words, which works well in meetings but can feel blunt in casual conversations. At work and in friendships, you'll notice **more focus on logic and ideas** rather than emotions, making this a good time for problem-solving but a trickier period if someone needs emotional support. *Aquarius* also pushes thinking toward the **bigger picture**, so conversations shift from daily complaints to plans, systems, and what-if scenarios that feel more interesting but less immediately practical.

Fri, 10 Feb Full Moon in Leo

Sun, 12 Feb ♄ Saturn ☌ Conjunction ♂ natal Mars

Mon, 13 Feb ♃ Jupiter ☌ Conjunction ♿ natal Mercury

♁ Uranus ♁ Opposition ♆ natal Neptune

Tue, 14 Feb ♁ Lilith enters ♎ Sagittarius

♇ Pluto ♁ Opposition ♂ natal Uranus

Lilith entering *Sagittarius* brings a shift toward **speaking your mind more directly**, especially on topics you've kept quiet about before — work meetings, family discussions, and friendships often feel the push to get honest. People tend to **question rules and expectations** they've accepted without thinking, whether that's how relationships should work, what success means, or why they're following someone else's plan. **Restlessness and impatience** show up in practical ways: jobs feel limiting, commitments feel heavy, and the urge to travel, learn something new, or just do things differently becomes hard to ignore.

Sat, 18 Feb ☼ Sun enters ♋ Pisces

The Sun moving into *Pisces* shifts attention toward **listening and flexibility** for the next month, making people naturally more **willing to adjust plans** instead of pushing forward rigidly. At work and in relationships, you'll notice others become **harder to pin down** — deadlines slip, people change their minds, and vague agreements replace firm commitments, which requires patience rather than frustration. *Pisces* season softens the usual drive to compete or win, so **collaboration and going with the flow** tend to work better than direct pressure during this time.

Sun, 19 Feb ♆ Neptune △ Trine ♀ natal Venus

♁ NNode ☐ Square ♄ natal Moon

Wed, 22 Feb ♃ Jupiter ✳ Sextile ♇ natal Pluto

Sat, 25 Feb ♄ Saturn ☌ Conjunction ♂ natal Mars

Sun, 26 Feb ♿ Mercury enters ♋ Pisces

Mercury in *Pisces* makes your thinking **slower and less direct** — you'll notice yourself taking longer to find the right words, or changing your mind mid-conversation. In work and daily tasks, this transit rewards **intuition and pattern-**

spotting over step-by-step logic, so you might solve problems by sensing what feels right rather than working through details. Relationships often improve because you're more **willing to listen without interrupting** and pick up on what people aren't saying aloud, though you may struggle to explain your own point clearly.

Mon, 27 Feb New Moon in Pisces

Tue, 28 Feb ♃ Neptune △ Trine ♀ natal Venus
