KEY TRANSIT FACTORS

☿ Mercury ☿ Quincunx ☾ natal Moon ★

Right now your thoughts and your feelings are working at cross purposes, so you say one thing while sensing something different underneath. You might find yourself explaining yourself repeatedly to people because your words do not quite match what you actually feel, creating **awkward misunderstandings in conversations**. Over the coming weeks, paying attention to this gap between what you think and what you feel will help you communicate more clearly.

♀ Venus ∟ Semi sextile ♅ natal Uranus

While this lasts, you feel more comfortable being yourself around people instead of playing a role. You might suddenly be drawn to friends or partners who actually get your quirks rather than those who want you to fit in. This small shift gives you permission to relax and enjoy connections where you don't have to pretend.

☾ Moon ☿ Opposition ♁ natal NNode

Right now you feel pulled toward what feels familiar and safe, which puts you at odds with what you actually need to develop. You may retreat into old habits or lean on people who reinforce your comfort zone instead of pushing you forward. This friction between what you want right now and what would genuinely help you grow will likely feel uncomfortable for the next week or two.

♅ Uranus ∟ Semi sextile ☿ natal Mercury

Over the coming weeks, your mind becomes **quicker to spot new angles on old problems**, and you find yourself asking questions you wouldn't normally ask. Small talk feels less interesting, but one-on-one conversations where you can explore unusual ideas feel energizing and natural. This is a good time to try a different approach to something at work or pick up a skill you've been curious about, because your brain is genuinely primed for it right now.

♀ Venus * Sextile ♇ natal Pluto

You find yourself **drawn to people and situations with real substance** right now, and you're willing to invest genuine effort into the connections that matter. Others respond to your honesty and directness about what you want, which makes your relationships feel less superficial than usual. This is a good window to have difficult conversations or make commitments you actually mean, because you're both sincere and tactful at the same time.

☉ Sun ☿ Conjunction ☿ Mercury

These days your mind feels clearer and you're more likely to speak up about what you actually think. **You say things more directly** and people tend to listen because you sound confident. This is a practical time to have conversations you've been putting off or to explain yourself without second-guessing every word.

☉ Sun ☐ Square ♃ Jupiter

Right now you're likely **overestimating what you can handle** and taking on more than makes practical sense. *Sun* square *Jupiter* pushes you to act bigger and bolder than your actual circumstances support, which sets you up for overcommitment and disappointment. The friction here teaches you where your real limits are, but only after you've already stretched too far.

› **Moon ☾ Semi sextile ♂ Mars**

These days you have a natural **willingness to take action on what matters to you emotionally**. You notice you can speak up about your needs without getting defensive, and people respond better because you sound calm instead of urgent. This period gives you just enough psychological momentum to move on something you've been sitting with for weeks.
