KEY TRANSIT FACTORS

♄ Saturn Δ Trine ♁ natal Chiron \star

Right now you are **more willing to sit with your own pain without needing to fix it immediately**, which lets you actually learn from past hurts instead of just moving past them. This practical acceptance means you can talk about difficult experiences with less defensiveness and help others do the same. Over the coming weeks, what once felt raw or tender becomes something you can work with directly.

♂ Mars \angle Semi sextile ♄ natal Saturn \star

These days you find it easier to **stick with tasks that require patience and discipline** without feeling frustrated or trapped. Your natural drive from *Mars* aligns gently with your practical limits from *Saturn*, so you can push forward on difficult projects without burning out. Over the coming weeks, this is a good window to tackle something you have been putting off because you now have both the motivation and the realistic patience to see it through.

♄ Saturn \angle Semi sextile ♂ natal Mars \star

Right now you're noticing that your efforts produce real results without requiring you to push as hard as usual. **You're working more efficiently**, and tasks that normally frustrate you feel manageable because you're approaching them with more patience than typical. Over the coming weeks, this steady support from *Saturn* to your *Mars* makes it easier to follow through on commitments without burning out.

♂ Mars \square Square ♁ natal Chiron \star

You're more irritable than usual right now, especially when someone points out a mistake or limitation of yours. **You push back harder and faster than normal**, defending yourself before you've even thought it through. Over the coming weeks, this defensive reaction will show you exactly where you're still tender about your own abilities or past failures.

☉ Sun \square Square ♁ Chiron \star

Right now you are more aware of your own weak spots and past hurts, which makes it harder to feel confident in what you're doing. You might find yourself **second-guessing your choices** or feeling like you're not good enough, even when you're performing well. This psychological self-doubt is temporary, but it takes real effort to push through it and keep moving forward.

☿ Mercury Δ Trine ♀ natal Venus

Right now you find it easier to say what you actually mean, and people respond well to your words because you sound genuine and warm. You're naturally bringing up topics you care about without overthinking them, and conversations flow toward connection instead of conflict. This is a good time to have difficult talks with someone close to you, since you can express yourself **thoughtfully and with real affection** at the same time.

› Moon * Sextile ♂ Mars

Right now you feel like **taking action on things that matter to you emotionally**, and your body has the energy to back it up. You're not overthinking or second-guessing yourself as much as usual; instead you're moving forward with projects or conversations that felt stuck before. This is a practical window for getting things done without burning yourself out.

› Moon □ Square ♄ Saturn

At the moment, you feel **disconnected from people around you**, even when you are with them. Your emotional needs seem to clash with what is practical or realistic, leaving you frustrated. *Moon* square *Saturn* makes you withdraw when you actually need support most.

** = natal resonance — this transit echoes your birth chart, amplifying its influence*

LUNAR DAY

Moon in ♊ Gemini · Day 2 / 30 · New Moon

Social activity picks up for the next day or two, with conversations starting easily but rarely staying on one topic. A general restlessness makes it harder to finish tasks or sit with one idea long enough to go deep.

CLOTHING & JEWELRY

Tuesday · ♂ Mars · Venus in ♒ Aquarius

Tuesday is ruled by Mars — bold red, burgundy, or deep crimson channel the day's active energy. Ruby or garnet worn close to the body strengthens initiative and courage.
