KEY TRANSIT FACTORS

♀ Venus ☌ Conjunction ☉ natal Sun ★

These days you feel more **likeable and relaxed in social situations**, and other people tend to respond warmly to you without much effort on your part. You probably care more about how you look and feel, and small gestures of affection or appreciation from others land differently than usual. This window lasts a few weeks, so it's a practical time to repair relationships that have felt cold or to ask for something you want.

☿ Mercury △ Trine ♄ natal Saturn

Your thinking becomes **organized and practical** right now, making it easy to break down complicated problems into manageable steps. You find yourself naturally planning ahead and catching details you usually miss, which helps you avoid mistakes at work or in personal projects. This is a good time to handle administrative tasks, write things down clearly, or have difficult conversations because your words come out measured and straightforward.

♇ Pluto ☌ Quincunx ♂ natal Mars

Your usual way of handling conflict or pushing toward goals feels slightly off these days, as if your normal tactics are meeting unexpected resistance. You might notice yourself **second-guessing your approach** to situations where you'd normally act with confidence, or finding that direct methods don't produce the results you expect. Over the coming weeks, the practical adjustment you need is to slow down and observe what actually works rather than forcing your preferred solution.

♁ Chiron * Sextile ♆ natal Neptune

Over the coming weeks, you find it easier to **talk about your feelings without overdoing the drama**. Your natural compassion stays intact, but you're less likely to get lost in someone else's problems or your own fantasies about what they need. This is a good time to offer real support to people around you because you can actually listen instead of just projecting your own hopes onto their situation.

♁ Chiron ☌ Opposition ☾ natal Moon

Over the coming weeks, you feel more aware of emotional wounds you've been carrying, which can make you irritable with the people closest to you. Your usual ways of comforting yourself stop working as well, leaving you **restless and dissatisfied** with your routines and relationships. This discomfort is real, but it's pushing you to look honestly at what you actually need instead of what you've settled for.

☉ Sun ☌ Conjunction ♂ Mars

Right now you feel **more direct and willing to take action** on things you normally hesitate about. You're likely to speak up in conversations, push forward with a project, or make a decision you've been putting off. This practical confidence usually fades once the transit passes, so use it to handle what actually needs doing.

☉ Sun ☾ Semi sextile ♃ Jupiter

These days you feel a bit more **optimistic about your abilities** and willing to take on new projects. Small wins come easier right now because you're not overthinking things or waiting for perfect conditions. This is a good time to start something you've been putting off, since your confidence has a gentle boost and you're likely to see early progress.

☉ Sun ☐ Square ♄ Saturn

Right now you're running into real obstacles when you try to move forward with what you want. **You feel blocked by rules, other people's expectations, or your own self-doubt**, and pushing harder usually just makes things worse. The practical thing to do is slow down, check what's actually realistic, and accept that some goals need more time or a different approach.

★ = natal resonance — this transit echoes your birth chart, amplifying its influence

LUNAR DAY

Moon in ♊ Gemini · Day 14 / 30 · Waxing Gibbous

Social activity picks up for the next day or two, with conversations starting easily but rarely staying on one topic. A general restlessness makes it harder to finish tasks or sit with one idea long enough to go deep.

CLOTHING & JEWELRY

Thursday · ♃ Jupiter · Venus in Aquarius

Thursday is Jupiter's day — deep blue or royal indigo invites expansion and optimism. Amethyst worn as a ring or necklace supports wisdom and measured confidence.
