## SOLAR ANALYSIS

### Solar ASC ♏ Scorpio → natal H6 — Health & Service

The year is shaped by **work, health, and the discipline of daily life**. Routines, service, and practical improvement are the year's defining themes. This is a productive year for establishing habits that serve your long-term wellbeing — physical, professional, and organizational. Work demands may increase, or you may be drawn to refine the way you operate day to day. **Small, consistent actions compound into significant change** under this placement.

### Dispositor ♇ Pluto → ♋ Cancer · natal H2 — Resources & Values

The dispositor in the natal second house grounds the year's theme in **practical resources and personal values**. Whatever the year's main focus, it will be realized through money, material security, or a clearer sense of what you truly value. Financial decisions and questions of self-worth become the channel through which the year's larger themes express themselves.

**Building a stable material base** is the practical work that makes everything else possible.

♂ Natal Mars → solar H9 cusp

0.5°

Your drive to learn and explore gets a real outlet this year. You're more likely to **take action** on travel plans, return to school, or test out new philosophies. Your competitive spirit pushes you to master new subjects or argue for ideas you care about. This is a good year to turn curiosity into actual movement across borders or into unfamiliar territory.

### ♊ NNode ♁ Quincunx ♃ natal Mercury

Over the coming weeks, you'll notice your usual way of explaining things doesn't quite land the way it normally does. People seem to need you to say things differently than feels natural to you right now, which can be **awkward and frustrating** in conversations. The mismatch between what you want to communicate and what actually gets understood will push you to find new ways of thinking about how you talk to others.

### ♃ Jupiter · solar H2 rul. ☐ Square ♊ natal NNode

Over the coming weeks, you may feel pulled to take on more than you can reasonably handle, which can frustrate your actual sense of direction. Your **confidence outpaces your judgment**, making you say yes to opportunities that don't fit your real priorities or skills. This misalignment between what you think you should do and what actually works for you creates unnecessary setbacks and wasted effort.

### ☉ Sun ☊ Conjunction ☉ natal Sun

Your sense of what you want from life becomes clearer right now, and you naturally act on it more directly. You feel more confident in social and professional situations, which means people respond better to you. This is a good window to start something new or push forward with a goal you've been sitting on.

### ☾ Moon · solar H9 rul. \* Sextile ♆ natal Neptune

Your **intuition about other people becomes unusually reliable** right now, and you pick up on what's really going on beneath the surface without needing explanations. You feel more patient with emotional mess, both your own and others', because you're naturally more accepting of complicated feelings. These days you can actually listen without trying to fix or judge, which makes people around you relax and open up more than usual.

### ☾ Moon · solar H9 rul. ☊ Opposition ☾ natal Moon

Right now you are likely to feel **emotionally restless and at odds with yourself**, as if your usual ways of managing stress are not working. You may snap at people you care about or withdraw when you normally would reach out, leaving you confused about what you actually want. Over the coming weeks, this mismatch between your instinctive needs and your current emotional state will push you to notice patterns you have been avoiding.

### ☾ Moon · solar H9 rul. ☊ Trine ♇ natal Pluto

Right now you're noticing that difficult conversations feel less scary, and you're able to say what you actually think without overthinking it. Your **emotional honesty** is flowing more naturally, which means people around you are responding better to what you share. Over the coming weeks, this ease with your own feelings can help you sort through old patterns that usually trip you up.

### ☉ Sun ☊ Conjunction ♀ natal Venus

Right now you're more **drawn to people and less interested in being alone**. You find it easier to start conversations, accept invitations, and let others see you as you really are. This period is good for asking for what you want in relationships, because you're more confident that you deserve it.

## › Moon · solar H9 rul. ☐ Square ♁ natal Uranus

Right now you feel restless and irritable in ways that don't match your usual mood, making you **snap at people over small things** and struggle to sit still. Your need for sudden change clashes with what you actually need emotionally, so you might suddenly want to quit something or push away someone close to you without being clear why. These feelings will pass in a few days, but while they last you'll need to notice the impulse to act on them rather than act immediately.
