## KEY TRANSIT FACTORS

### ☾ Moon Δ Trine ♃ natal Jupiter ★

Right now you feel **genuinely optimistic about what's possible**, and other people pick up on that — they become more generous and cooperative with you. You're more likely to take small social risks or ask for what you need because rejection doesn't seem threatening at the moment. These days your mood lifts your practical decisions, so you make choices that actually work out better than usual.

### ☉ Sun ☌ Opposition ♄ natal Saturn

These days you feel **blocked by your own limits**, as if every move requires twice the effort it normally would. Authority figures or rules that you usually accept without thinking suddenly feel like they are in your way, and you may push back harder than makes practical sense. Over the coming weeks, frustration with your own responsibilities will peak, and you'll need to decide whether to work within constraints or exhaust yourself fighting them.

### ♆ Neptune ☌ Opposition ☉ natal Sun

Right now you are **doubting your own judgment** and struggling to see yourself clearly. You may act in ways that confuse people or that you later regret because your sense of who you are has become fuzzy. This confusion will pass, but while it lasts you need to slow down on big decisions and check your choices with someone you trust.

### ♀ Venus qx Quincunx ♄ natal Saturn

Right now you feel pulled between wanting closeness with someone and needing to keep your distance, which makes you act uncertain in social situations. You might say yes to plans and then back out, or hold back from expressing what you actually want because you are unsure how it will land. These mixed feelings are temporary, but while this lasts they can make your relationships feel awkward or leave you feeling dissatisfied with how you are connecting.

### ☾ Moon Δ Trine ☾ natal Moon

Right now you feel **emotionally settled** and less reactive to small annoyances that normally wind you up. People around you notice you're easier to be with because you're not second-guessing yourself or getting stuck in your own head. This window of *Moon* trine *Moon* support lasts a few weeks, so use it to handle conversations or decisions you've been putting off.

### ☉ Sun ∟ Semi sextile ☾ Moon

These days you find it easier to **act on what you actually feel** instead of second-guessing yourself. Your emotional reactions and your practical choices line up more naturally, so you waste less energy fighting your own instincts. This makes conversations smoother and decisions quicker because you're not pulling yourself in opposite directions.

### ☉ Sun ∟ Semi sextile ♀ Venus

Right now you find it easier to notice what you like about people around you, and that makes your social interactions feel smoother. You're more likely to **compliment someone without overthinking it** or suggest doing something enjoyable together. This isn't a dramatic shift, but these days small acts of kindness and warmth come more naturally to you.

☉ Sun ☿ Conjunction ♃ Jupiter

Right now you feel more confident about your abilities and less worried about what could go wrong. You are **more willing to take on bigger challenges** and speak up in situations where you normally stay quiet. This period tends to bring real opportunities your way because you are actually showing up differently, not because of luck.

LUNAR DAY

Moon in ♍ Virgo · Day 28 / 30 · Waning Crescent

Attention sharpens on what is not working right now — small errors and inefficiencies become harder to ignore than usual. **The tendency to organize, correct, and refine** runs stronger for the next day or two, sometimes at the cost of the bigger picture.
