KEY DATE

♂ Mars enters ♈ Aries

Mars in *Aries* brings **directness and speed** to how people push for what they want, whether at work or in conversations. You'll notice people **act faster** on decisions and speak up more bluntly instead of holding back, which can get things done quickly but also create friction if someone feels steamrolled. In practical terms, this is when **competition heats up** — at the gym, in meetings, on projects — and people have less patience for delays or obstacles.

KEY TRANSIT FACTORS

☉ Sun △ Trine ♃ natal Jupiter ★

Right now you find it easier to take reasonable risks and see possibilities instead of obstacles in your practical situations. You feel more confident in social settings and people respond well to your **natural optimism**, which makes conversations flow and opportunities show up. This period is ideal for pitching ideas, asking for what you want, or starting something new because your timing feels right and your judgment is solid.

☉ Sun ∟ Semi sextile ♊ NNode ★

These days you find it easier to **act on what matters to you without overthinking**. Your decisions feel more natural and less forced, so you move forward on things you've been putting off. This period supports practical progress because you're not stuck in doubt or second-guessing yourself.

☾ Moon ∟ Semi sextile ♄ Saturn ★

These days you find it easier to **talk about practical problems without getting swept up in feelings**. The *Moon* and *Saturn* aspect makes emotional conversations feel steadier, so you can say what needs saying without drama. This is a good time to have difficult talks about real things because your head and your heart are working together instead of against each other.

♊ NNode ☍ Opposition ♁ natal Chiron

Right now you're running into situations that expose what you've been trying to ignore about your own limitations. Your instinct is to push yourself harder or prove something to others, but the more you do that the more frustrated you become because the outcome doesn't match the effort. Over the coming weeks, this friction is forcing you to admit that some things genuinely don't come easily to you, and that's worth taking seriously instead of just powering through.

♂ Mars △ Trine ♇ natal Pluto

Right now you have **real drive to tackle difficult problems** that have been sitting on your shelf, and you're doing it without burning out. Your willpower feels steady instead of aggressive, so you can push through obstacles without exhausting yourself or alienating people around you. Over the coming weeks, you'll notice you're actually finishing projects and making visible progress where you usually get stuck.

♃ Jupiter * Sextile ♀ natal Venus

These days you find it easier to say yes to social invitations and connect with people who matter to you. You feel **naturally generous** with your time and attention, which makes others want to be around you more. This period is ideal for deepening friendships, starting new relationships, or simply enjoying the company you keep without forcing anything.

♂ Mars * Sextile ♁ natal Uranus

Right now you find it easier to act on your unconventional ideas without overthinking them, and people respond well to your **refreshing directness**. You're willing to try new approaches at work or in your routines, and small experiments often lead somewhere useful rather than nowhere. This window won't last long, so these are good weeks to pitch that different idea or shake up something that's been stuck in the same pattern.

☉ Sun ☐ Square ☾ Moon

Right now your gut feelings and your sense of purpose are pulling in opposite directions. You might feel irritated with people close to you without knowing exactly why, or snap at someone when you meant to stay calm. This friction between what you want to do and what feels emotionally safe can push you to make real changes, but only if you stop and actually listen to both sides instead of just reacting.

LUNAR DAY

Moon in ♒ Aquarius · Day 23 / 30 · Last Quarter

Emotional detachment increases these days, making abstract discussions and group concerns feel more engaging than personal ones. People respond better to logic than to feeling right now, and the need for independence runs noticeably higher.
