KEY TRANSIT FACTORS

♄ Saturn ☐ Square ♄ natal Saturn

You feel **blocked and frustrated** by rules and limits that suddenly feel too tight, whether at work or in your own routines. Everything takes longer than it should right now, and you are likely to doubt whether you have what it takes to reach your goals. These feelings are real but temporary, and pushing harder against the resistance usually backfires, so your best move is to slow down and rebuild your structure piece by piece.

☾ Moon ☿ Quincunx ☉ natal Sun

Right now your mood and your sense of purpose are out of sync, so you feel restless even when things are going well. You might **second-guess decisions you normally feel confident about**, or find yourself irritable with people who don't understand what you need. These feelings will pass in a week or two, but until then you'll work better if you accept the discomfort rather than trying to fix it.

♃ Jupiter ∟ Semi sextile ♄ natal Saturn

Over the coming weeks, you find it easier to follow through on practical plans without getting overwhelmed by all the details. *Jupiter* is giving you just enough optimism to balance *Saturn's* caution, so you can **move forward steadily while staying realistic** about what you can actually do. This is a good time to tackle a project that requires both confidence and discipline, because you naturally trust your own judgment right now.

♅ Uranus ☿ Quincunx ♇ natal Pluto

You feel an odd restlessness about situations you thought you had under control, and you're picking up on small details that suddenly seem important. Your impulse is to shake things up or take back power, but the timing never quite feels right, leaving you **frustrated by your own hesitation**. Over the coming weeks, small adjustments to your approach will work better than any dramatic move.

☉ Sun △ Trine ☿ natal Mercury

Your thinking is unusually clear right now, and you find it easy to explain what you actually mean. People listen to you more carefully these days because you sound confident and straightforward. This is a good time to have conversations you have been putting off, write something important, or learn something new—your **mind absorbs information quickly** and your words land better than usual.

☉ Sun ☐ Square ♃ Jupiter

Right now you're likely **overestimating what you can handle** and taking on more than makes practical sense. *Sun* square *Jupiter* pushes you to act bigger and bolder than your actual circumstances support, which sets you up for overcommitment and disappointment. The friction here teaches you where your real limits are, but only after you've already stretched too far.

☉ Sun ☾ Semi sextile ♄ Saturn

These days you find it easier to stick with practical commitments without feeling weighed down by them. **You can be disciplined and follow through** on plans while still enjoying the process instead of resenting it. The light touch between *Sun* and *Saturn* means your natural confidence supports your ability to work steadily toward real goals.

☉ Sun ☾ Semi sextile ♅ Uranus

These days you find it easier to **try something different without overthinking it**. Small changes feel natural right now, whether that's taking a new route to work or suggesting a fresh idea in a conversation. This mild alignment between *the Sun* and *Uranus* gives you just enough confidence to break routine without feeling reckless.

LUNAR DAY

Moon in ♈ Aries · Day 26 / 30 · Last Quarter

Impatience with delays rises noticeably right now, and people act on whatever they want without much advance thinking. Short tempers and blunt reactions are more common for the next 48 hours.
