KEY TRANSIT FACTORS

♄ Saturn ☿ Quincunx ♂ natal Mars · peak 6 Feb

These days you feel a disconnect between what you want to do and what you think you should do, and this creates practical friction in your daily routines. You might start a task with energy but then second-guess yourself or hit unexpected obstacles that force you to slow down and reconsider. This awkward mismatch between your impulses and real-world constraints is temporary, but right now it's teaching you where your approach needs **more realistic planning** instead of just pushing forward.

♊ NNode ∟ Semi sextile ☿ natal Mercury · peak 25 Feb

Over the coming weeks, you find it easier to **say what you actually mean** without overthinking or second-guessing yourself. People respond better to your words because you're speaking more directly and with less self-doubt. This is a good time to have conversations you've been putting off or to pitch an idea you believe in.

♄ Saturn ∟ Semi sextile ♆ natal Neptune · peak 8 Feb

Right now you find it easier to **turn vague ideas into concrete plans** without losing the creative spark. Your imagination doesn't disappear—instead it becomes practical, helping you sketch out what actually needs to happen next. Over the coming weeks, this steadiness makes you more likely to follow through on things you usually abandon halfway.

♁ Lilith ♂ Conjunction ♇ natal Pluto · peak 18 Feb

These days you are more willing to **say no to people and situations that drain you**, even if it upsets them. You feel less need to manage other people's reactions or keep the peace at your own cost. Over the coming weeks, this directness can improve your relationships because you stop tolerating what you actually resent.

♄ Saturn ☿ Quincunx ♀ natal Venus · peak 1 Feb

Over the coming weeks, you may feel **awkward or hesitant in relationships** even though you want to be close to someone. Small gestures of affection or attempts to connect might feel clumsy or poorly timed, leaving you wondering if you are doing things right. This is temporary friction between what you want emotionally and what feels practical or safe right now.

♁ Chiron △ Trine ♀ natal Venus · peak 28 Feb

You find it easier to talk about what you actually need from the people close to you without feeling guilty or defensive. Your **honesty about your own worth** comes across as calm instead of demanding, so others listen and respond well. Over the coming weeks, this directness helps you build relationships that feel more real because they're based on what you actually want, not what you think you should want.

♆ Neptune ♂ Opposition ☉ natal Sun · peak 1 Feb

Right now you are **doubting your own judgment** and struggling to see yourself clearly. You may act in ways that confuse people or that you later regret because your sense of who you are has become fuzzy. This confusion will pass, but while it lasts you need to slow down on big decisions and check your choices with someone you trust.

♆ Neptune ☿ Quincunx ♃ natal NNode · peak 1 Feb

Over the coming weeks, you may find it harder to stick to your usual social routines and feel less sure about which people or groups really matter to you. Your sense of direction in friendships becomes **less clear and more fluid**, making it difficult to commit to plans or decide where you genuinely belong. This is a good time to notice which connections feel off or forced rather than act on those feelings right away.

♃ NNode ☿ Quincunx ♄ natal Saturn · peak 1 Feb

Right now you are noticing a mismatch between what you feel you should do and what actually works in your life, which makes **decision-making feel awkward and slow**. You might find yourself second-guessing practical choices or feeling like the obvious path forward has a hidden complication you cannot quite name. Over the coming weeks, the best approach is to sit with this discomfort rather than push through it—your instincts are picking up on something real that needs attention.

♄ Chiron △ Trine ♂ natal Mars · peak 28 Feb

Over the coming weeks, you find it easier to talk about what you actually want and need instead of pushing through silently. Your **willingness to ask for help** without shame or defensiveness opens doors with people who care about you. This practical shift means you get real support right when you need it, and conflicts that usually leave you exhausted tend to resolve with much less friction.

♃ Jupiter □ Square ♀ natal Venus · peak 6 Feb

Right now you are **overestimating what others feel about you**, which makes you push harder for approval or affection than is actually welcome. You may spend more money on gifts or experiences hoping to win someone over, or say too much too soon in a new relationship because you feel so confident about the connection. When the other person does not respond with the same enthusiasm, you feel rejected and confused about where things went wrong.

♄ Chiron * Sextile ♆ natal Neptune · peak 28 Feb

Over the coming weeks, you find it easier to **talk about your feelings without overdoing the drama**. Your natural compassion stays intact, but you're less likely to get lost in someone else's problems or your own fantasies about what they need. This is a good time to offer real support to people around you because you can actually listen instead of just projecting your own hopes onto their situation.

♃ NNode ☿ Quincunx ♅ natal Uranus · peak 28 Feb

Your usual way of handling change feels awkward right now, like your instinct for independence is out of sync with what you actually need to do. You might notice yourself wanting to break free from something at the same time you're supposed to be working within a system or commitment. **The mismatch between your need for freedom and your practical obligations** creates low-level friction that makes decisions harder than they should be, and this typically settles down over the coming weeks.

♃ Jupiter □ Square ♂ natal Mars · peak 6 Feb

Right now you are more likely to **overcommit and overestimate what you can actually do**, which leaves you frustrated when reality doesn't match your ambition. Your impatience is higher than usual, so small delays or obstacles feel like major blocks, and you may snap at people or push harder than makes sense. Over the coming weeks, learning to slow down and check your assumptions before acting will help you avoid wasting energy on projects that won't actually work out.

♃ Jupiter □ Square ♆ natal Neptune · peak 6 Feb

Right now you are **overestimating what you can achieve** and making promises you cannot keep. Your optimism is running ahead of reality, and you may find yourself committed to projects or goals that are actually beyond your practical reach. Over the coming weeks, disappointment will follow when you realize the gap between what you imagined and what is actually possible.

LUNATIONS

- Full Moon · Friday, 10 Feb

in ♌ Leo

recognition, drama, creative culmination

in H7 — Partnerships

A significant relationship is reaching a turning point. Something between you and a **partner, collaborator, or significant other** is being fully illuminated — what's been working, what hasn't, and what needs to change. This full moon often brings a relationship decision to the surface: a commitment deepening, a conflict coming to a head, or a partnership reaching its natural conclusion. See clearly what's actually in front of you, not what you've hoped it would become.

● New Moon · Monday, 27 Feb

in ♋ Pisces

intuitive reset, release, spiritual renewal

in H1 — Self & Identity

A new cycle is opening around your sense of self and how you present to the world. This is the right moment to redefine how you want to be seen and to take deliberate steps toward a fresh start in your personal goals. **Physical changes, new habits, and shifts in your self-image** are all supported now. What you begin under this lunation has a direct impact on your confidence and direction for the next six months.

KEY DATES

Wed, 1 Feb ♃ Neptune ♂ Opposition ☉ natal Sun

Sat, 4 Feb ♀ Venus enters ♈ Aries

Venus in *Aries* tends to make people more **direct about what they want**, especially in relationships and social situations where they'd normally hold back. You might notice yourself **speaking up sooner** instead of waiting or overthinking, and others responding to that straightforward approach. At work and in friendships, this transit often brings **faster decisions** and less time spent on small talk or people-pleasing.

Mon, 6 Feb ♃ Jupiter stations Retrograde

Jupiter stationing retrograde often brings a **pause in expansion plans** — job offers stall, travel gets delayed, or educational programs require extra paperwork. At work and in finances, this is when you'll notice yourself **reviewing past decisions** rather than pushing forward, and opportunities that seemed certain can shift or require renegotiation. Growth doesn't stop during this period, but it tends to happen **quietly through reflection**, and real progress usually resumes once *Jupiter* turns direct again.

Tue, 7 Feb ☿ Mercury enters ♒ Aquarius

Mercury in *Aquarius* brings **clearer, more direct communication** — people tend to say what they actually think instead of softening their words, which works well in meetings but can feel blunt in casual conversations. At work and in friendships, you'll notice **more focus on logic and ideas** rather than emotions, making this a good time for problem-solving but a trickier period if someone needs emotional support. *Aquarius* also pushes thinking toward the **bigger picture**, so conversations shift from daily complaints to plans, systems, and what-if scenarios that feel more interesting but less immediately practical.

Fri, 10 Feb Full Moon in Leo

Tue, 14 Feb ♁ Lilith enters ♐ Sagittarius

Lilith entering *Sagittarius* brings a shift toward **speaking your mind more directly**, especially on topics you've kept quiet about before — work meetings, family discussions, and friendships often feel the push to get honest. People tend to **question rules and expectations** they've accepted without thinking, whether that's how relationships should work, what success means, or why they're following someone else's plan. **Restlessness and impatience** show up in practical ways: jobs feel limiting, commitments feel heavy, and the urge to travel, learn something new, or just do things differently becomes hard to ignore.

Sat, 18 Feb ☉ Sun enters ♋ Pisces

♁ Lilith ♂ Conjunction ♇ natal Pluto

The Sun moving into *Pisces* shifts attention toward **listening and flexibility** for the next month, making people naturally more **willing to adjust plans** instead of pushing forward rigidly. At work and in relationships, you'll notice others become **harder to pin down** — deadlines slip, people change their minds, and vague agreements replace firm commitments, which requires patience rather than frustration. *Pisces* season softens the usual drive to compete or win, so **collaboration and going with the flow** tend to work better than direct pressure during this time.

Sun, 26 Feb ☿ Mercury enters ♋ Pisces

Mercury in *Pisces* makes your thinking **slower and less direct** — you'll notice yourself taking longer to find the right words, or changing your mind mid-conversation. In work and daily tasks, this transit rewards **intuition and pattern-spotting** over step-by-step logic, so you might solve problems by sensing what feels right rather than working through details. Relationships often improve because you're more **willing to listen without interrupting** and pick up on what people aren't saying aloud, though you may struggle to explain your own point clearly.
